## TWENTY-SEVEN ARE KILLED IN A NEWSPAPER OFFICE

**Montreal Herald Building is Wrecked  
and Many of the Workers Lose Their  
Lives---Fire Adds to the Horror of the  
Scene.**

By Associated Press.  
MONTREAL, Canada, June 13.—  
Between twenty and thirty people  
lost their lives today when the sup-  
ports of the sprinkler system on the  
roof of the Herald building col-  
lapsed.

The great mass of metal and

water, weighing thirty-five tons,  
went crashing to the basement.  
The list of the missing compiled  
by the police totals twenty-seven.  
Fire broke out immediately. Most  
of the persons who lost their lives  
worked in the stereotyping depart-  
ment. The fire was also caused  
from this same department.

## COLLIDES WITH TRAIN TWO WOMEN KILLED

**Fatal Automobile Accident in North  
Yakima, Wash.---Several Injured---  
Chauffeur is Arrested Pending In-  
vestigation.**

By Associated Press.  
NORTH YAKIMA, Wash., June  
13.—Two women were killed out-  
right this afternoon and two others  
seriously injured, one probably fat-  
ally, in a collision between the  
east bound Northern Pacific passen-  
ger and an automobile carrying five  
persons.

The dead are: Miss Hope Davis  
of North Yakima and Miss Lena

Buckmaster of Maches City, Wash.  
The injured are Mrs. Clarence  
Brown of North Yakima, right foot  
crushed and skull fractured, internal  
injuries, probably fatally; Mrs.  
Jennie Kincaid, of North Yakima,  
arm and leg broken, scalp cut, will  
recover.

Chauffeur L. I. Strangeway was  
arrested pending the coroner's in-  
quest accident.

## Cloudburst Takes Toll of 150 Human Lives

By Associated Press.  
COLOGNE, June 13.—Great loss  
of life occurred in the Abr valley  
of the Eifel region, as a result of a  
cloudburst which swept the district  
Sunday night. It is estimated that  
10 people met their deaths.

The greatest loss of life occurred  
near the River Abr, where two bar-  
racks containing Italian and Cretian

laborers, employed on the railway,  
was swept away.

The inmates were surprised in  
their sleep. Thirty-seven bodies  
have been recovered.

Lightning struck one village, de-  
stroying ten houses and seriously  
injuring four persons. The flood  
subsided early today, as suddenly as  
it came. The danger is over.

## MADE OFFICER TOE THE MARK WITH A GUN

**VICTIM OF COLOGNE HABIT  
MAKES BAD PLAY AT  
RAWHIDE.**

There was an interesting epi-  
sode in Rawhide a couple of days  
since, when a man, a victim of the  
"cologne habit," held up an officer  
with his gun and paraded his cap-  
tive about town. A dispatch from  
there gives the following account of  
the affair:

"While Deputy Sheriff Charley  
Jewett was standing in the Yellow-  
one saloon shortly after 7 o'clock  
this evening, Dick Roach, a victim  
of the cologne habit, slipped up be-  
hind him and dealt him a stunning  
blow over the head with a heavy  
revolver, almost putting the sheriff  
to his knees and rendering him in-  
capable of protecting himself. Roach  
then said: 'You walk. I am go-  
ing to take you down in front of  
your wife and blow your brains  
out.'"

"Realizing that he was dealing  
with a desperate character Jewett  
obeyed. After walking a block  
Roach ordered an old prospector to  
take Jewett's gun, claiming that  
Jewett was his prisoner. The old  
prospecter relieved the sheriff of

his gun, handed it to Roach and the  
walk was resumed. The deed was  
so daringly executed that no one  
attempted to interfere. The street  
was crowded with people at the  
time and those having guns were  
afraid to shoot, fearful of hitting  
an innocent person, or that any at-  
tempted interference would hasten  
the death of the sheriff.

Constable Frank Phelan made a  
detour and succeeded in gaining a  
point a short distance ahead of the  
two. When Roach got abreast of  
him Phelan ordered him to throw  
up his hands. The response was a  
volley at the constable, who also  
opened fire, dropping Roach with a  
bullet through the thigh. Several  
muttered threats of lynching were  
heard, but the wounded man was  
carried into a nearby house and  
the still dazed deputy was hurried  
back to town, where several stit-  
ches were found necessary to close  
his wound.

Jewett was for several years  
chief of police of Nome, Alaska, and  
is well known as a fearless officer.  
Roach is not seriously wounded."

### AN ERROR IN LIST.

The printed list of officers elect-  
ed by the Knights of Pythias  
grand lodge, in session at Gold-  
field, contains an error. C. A. Gar-  
ner of Elko, lodge, No. 15, was  
chosen grand outer guard instead  
of Clark Guild of Lyon lodge, Day-  
ton, as has been published.

Fresh milk and cream—Tonopah  
Dairy.

## WHITE MOB DEALS WITH BROWN MEN

By Associated Press.  
DARRINGTON, Wash., June 13.—  
A mob of a hundred white men  
today ordered all the Japanese lab-  
orers employed at the plant of the  
United States Lumber company to  
leave town. After giving the for-  
eigners time to get their effects  
together the mob accompanied them  
to the stations, saw them board a  
Seattle bound train. Thirty Japa-  
nese were employed at the mills  
here.

### NATIONAL LEAGUE.

At Boston (first game)—Cincin-  
nati, 4; Boston, 2. (Second  
game)—Boston, 5; Cincinnati, 2.  
At Brooklyn—St. Louis, 4;  
Brooklyn, 1.  
At Philadelphia—Pittsburg, 6;  
Philadelphia, 3.  
At New York—Chicago, 6; New  
York, 2.

### AMERICAN LEAGUE.

At St. Louis—Philadelphia, 6;  
St. Louis, 1.  
At Detroit—Detroit, 5; New  
York, 1.  
At Chicago—Chicago, 2; Wash-  
ington, 1. Thirteen innings.  
At Cleveland—Boston, 9; Cleve-  
land, 7.

### COAST LEAGUE.

At Los Angeles—Vernon, 4; Sac-  
ramento, 2.

## JUDGE SWEENEY SAYS HE'S WILLING

By Associated Press.  
CARSON, June 13.—Justice  
James Sweeney of the supreme  
court announced his candidacy to-  
day for United States senator on  
the Democratic ticket. Judge  
Sweeney stated he would make the  
campaign strictly on the tariff is-  
sue.

## GOLDEN ARROW IS LOOKING GOOD

Dr. A. H. Elftman, the Tonopah  
and Goldfield mining man, has re-  
turned from a visit to Golden Ar-  
row mining district, where he has  
extensive interests. He reports a  
general air of activity pervading  
that district, such as has not been  
in evidence for many months past.

Work is progressing on several  
of the properties there. The Waw-  
ich Consolidated has had a force of  
men crosscutting on the 200 level  
and now they are drifting two ways  
on the vein. They have some very  
good ore.

Captain Cotter of the Cotter  
Mines company is expected back in  
the near future. He has been in  
the east in the interest of his  
company. Upon his arrival, work  
will be resumed at the mine. Al-  
ready there is a shaft down 400  
feet and over \$20,000 of ore in  
sight.

A number of other properties at  
Golden Arrow will resume work in  
a short time. The roads are in  
good condition and the hauling of  
supplies is going forward.—Gold-  
field News.

## MIDNIGHT BLAZE CALLS OUT DEPARTMENT

An alarm of fire turned in at  
midnight called out the depart-  
ment on a quick run. The alarm  
was due to a blaze in the house  
occupied by Professor William Scha-  
fer, which was caused by the acci-  
dental overturning of a lamp in  
the bedroom. The bedding caught  
fire, but was extinguished before  
the boys reached the scene.

At 2 o'clock this morning the  
department answered another call.  
This second alarm was turned in  
from the vicinity of the Midway  
mine, and its cause proved to be  
the burning of a lot of rubbish in  
the vicinity of the roundhouse.

## NEW YORK TO PHILADELPHIA AND BACK AGAIN IN MID-AIR

**BANK ROBBER  
LOCATED IN  
LOS ANGELES**

By Associated Press.  
LOS ANGELES, Cal., June 13.—  
James Woodbury, under arrest here  
for passing bogus checks, was posi-  
tively identified tonight as J. E.  
Marcell, who is alleged to have rob-  
bed the State Bank of Hyland, Kan-  
sas of \$350,000. The identification  
was made by M. C. Dagginger, the  
son of a merchant of Highland,  
who alleges Marcell swindled him  
out of \$10,000 by means of forged  
notes.

## SHOOTS DOWN ENEMY IN CANTON CHURCH

CANTON, O., June 13.—Armed  
with two revolvers and a dagger,  
Frank Nunamaker, a former con-  
vict, entered a church tonight at  
Louisville, near here, where a Ro-  
manian Christianizing was taking place  
and shot three men, one of whom  
will die.

Nunamaker had appeared earlier  
and drawing a revolver threatened  
to kill John Papa of Alliance, O.,  
whom he accused of having caused  
his conviction for theft two years  
before. He was disarmed and put  
out of the church.

In a few moments he returned  
with a revolver in each hand and  
a dagger stuck in his belt. He  
opened fire in the crowd, shooting  
Papa through the breast and inflic-  
ting minor wounds on two other  
men. He was then overpowered  
and would have been lynched but  
for the influence of the priest. He  
was lodged in prison charged with  
attempting murder.

## GETTING TOGETHER ARE THE CONFEREES

By Associated Press.  
WASHINGTON, June 13.—With  
the end in sight, a session of the  
conferees on the railroad bill was  
held tonight at the home of Sen-  
ator Elkins. Only one feature of  
the bill remained as a serious bar  
to final agreement. That related  
to the period of suspension of rate  
increases pending investigation by  
the interstate commerce commis-  
sion to determine their reasonableness.

## ORMSBY COUNTY MAKES ANOTHER LOAN

Tuesday afternoon the board of  
county commissioners of Ormsby  
county held a special meeting and  
voted to ask the state board of  
revenue for the privilege of making  
another borrow of \$15,000 to carry  
on the county for the balance of the  
year. It will be remembered that  
this is the second loan that has  
been asked for this year and that  
\$5,000 was borrowed in February  
and that the county is now paying  
interest on this at the rate of 6  
per cent. There is in the Nye and  
Ormsby county bank at this time a  
sum in excess of \$19,000 and should  
this be paid, the county would be  
in a fair condition, but it seems to  
be a hopeless matter and as a  
consequence the county and taxpay-  
ers are suffering.—Carson News.

## WANTS TO BECOME AMERICAN CITIZEN

John McLaughlin, a miner and a  
native of County Mayo, Ireland,  
has filed with the county clerk a  
petition for naturalization as a citi-  
zen of the United States. He is  
willing to forswear his present al-  
legiance to all potentates and rul-  
ers whatsoever.

The next hearing in the court on  
applications for citizenship will  
come up in September—the fourth  
so far this year. County Clerk  
Pohl states there will be some fif-  
teen applications for the next hear-  
ing.

**Hamilton's Great Performance Yester-  
day in an Aeroplane---Averages 55  
Miles an Hour---The Altitude Record  
is Broken at Indianapolis.**

By Associated Press.  
NEW YORK, June 13.—Charles  
Hamilton rose in an aeroplane this  
afternoon from Governor's island  
and without a break or a stop  
flew the eighty miles to Philadelphia  
in a remarkable cross-country flight  
under the auspices of the New York  
Times and the Philadelphia Public  
Ledger.

He made the trip in one hour  
and 51 minutes. Arriving at Avia-  
tion Field, he delivered letters from  
Governor Hughes and Mayor Gaynor  
to Governor Stuart and Mayor Rey-  
burn. He accepted a message of  
congratulations from them in re-  
turn and started for New York  
again with only a brief intermis-  
sion for food and oil.

He had flown approximately 70  
miles on the return trip journey  
when a sluggish motor forced him  
to descend in a swamp near South  
Amboy, New Jersey. The propeller  
was broken in landing. After the  
repairs were made Hamilton re-  
sumed his flight.

The total elapsed time on the re-  
turn trip was 1 hour and 36 min-  
utes; estimated speed, 54.96 miles  
an hour, which break the record  
made by Curtiss in his flight from  
Albany to New York.

Hamilton's forced landing in New  
Jersey was caused by his haste to  
get away from Philadelphia, where  
he neglected to clean his spark  
plugs.

Curtiss still holds the record for  
speed. Hamilton took all the Amer-  
ican records for cross-country dis-  
tance duration. Using his own fig-  
ures for the return journey, his  
average speed per mile established  
a new mark.

During the whole of the first lap  
Hamilton never varied more than  
two minutes from his time card,  
and landed on a handkerchief laid  
to mark his landing spot.

It is an interesting coincidence

that Hamilton won his honors to-  
day with the same biplane that won  
the international speed trophy for  
Curtiss at Rheims last year and it  
was driven by the same propeller  
with which Curtiss made the flight  
from Albany to New York.

Curtiss flew over a more pictur-  
esque course, but Hamilton over-  
came obstacles in geography that  
other aviators have never con-  
quered. Curtiss carried pontoons.  
Hamilton flew twenty-three miles  
over salt water with no protection  
except three inner tubes of bicycle  
tires, wrapped around his waist. He  
took chances of roof tops, bridges  
and moving trains that never be-  
fore were thought of.

Hamilton was followed by a spe-  
cial train chartered by the two  
papers offering the prize. At times  
the aviator would go to a high al-  
titude and get out of sight of the  
engineer, which caused considerable  
uneasiness among the few persons  
on board the special.

### AN ALTITUDE RECORD.

INDIANAPOLIS, Ind., June 13.—  
Soaring to a height of 2,384½  
feet, Walter Brookings, in a Wright  
biplane today broke the world's  
aeroplane record for altitude in the  
closing event of the National Avia-  
tion meet at the Indianapolis speed-  
way.

Brookings' achievement followed  
exhibition flights by several pupils  
of Orville and Wilbur Wright.

G. L. Bumbaugh of this city had  
his biplane wrecked before he had  
well started. He lost control of  
the forward steering planes and  
the machine fell to the ground  
from a height of ten feet and was  
smashed with the aviator under it.  
After falling the wreckage took fire.  
Bumbaugh might have been burned  
to death had not the mechanics run  
to his assistance. He was not seri-  
ously hurt.

## DEFENDS THE INSURGENTS DOES DOLLIVER OF IOWA

**He Says a Good Republican Doesn't  
Have to Stand for Everything---Inde-  
pendence of Action Allowed**

By Associated Press.  
WASHINGTON, June 13.—Sen-  
ator Dolliver answered the critics  
of the "Insurgents" in a speech  
delivered in the senate during a dis-  
cussion of the provisions of the  
sundry civil bill providing for the  
\$25,000 to enable the president to  
gather information bearing upon  
the operation of the new tariff  
law.

Senator Clay's motion to strike  
out the provision was defeated.  
Dolliver and his fellow progressives  
voted with the regular republicans.  
The civil sundry bill, carrying ap-  
propriations aggregating \$118,000-  
000 was then passed.

Dolliver's speech attracted great  
interest and was listened to by  
senators on both sides of the cham-  
ber. It was the reply of the in-  
surgents to the charges of party  
disloyalty and was a direct chal-  
lenge to their opponents.

Beginning with the declaration  
that the tariff discussion was re-  
vived because of the tariff law,  
Dolliver said there was no longer  
freedom of conscience or opinion,  
such as made the republican party  
strong. Referring briefly to Speak-  
er Cannon's declarations that "the  
insurgents should be hanged," he

declared that he would not  
let the remark be taken seriously.  
It was evident that men entering  
congress must either become under-  
studied or Ishmaelites. "I reject  
terms, and shall contend for in-  
dependence within the party. I  
don't fight to destroy the party  
but to uphold it," he said.

Discussing the president's course  
toward "Insurgents" Dolliver de-  
clared he had never done anything  
unloyal to the administration.

Continuing he said he had no  
intention of leaving the republican  
party; it was not necessary for men  
to swallow every tariff bill; it  
would be impossible to get him out  
of the party on such charges. "Last  
year witnessed two important  
hoaxes," continued Dolliver, "the  
discovery of the North pole by  
Cook and the revision of the tariff  
law downward by Aldrich."

## MADRIZ WINS VICTORY DOWN IN NICARAGUA

By Associated Press.  
NEW ORLEANS, June 13.—Ad-  
vices received tonight by a rep-  
resentative of the titular government  
of Nicaragua state that Cape Gri-  
cios was taken yesterday by the  
Madriz forces.
